Ms. Marlene H. Dortch, Secretary Federal Communications Commission Wireline Competition Bureau Applications P.O. Box 979091 St. Louis, MO 63197-9000.

Re: Application of TDS Telecommunications Corporation and State Long Distance Telcom, Ltd. For Consent To Transfer Domestic 214 Authority held by State Long Distance Telephone Company

Dear Ms. Dortch:

On behalf of TDS Telecommunications Corporation ("TDS Telecom") and State Long Distance Telcom, Ltd. ("SLD"), I enclose an original of an Application To Transfer Control of the Domestic Section 214 Authority held by State Long Distance Telephone Company, a wholly owned subsidiary of SLD, to TDS Telecom. Included in this package are a completed form 159 and a check in the amount of \$965.00 to cover the filing for this Application.

I also enclose a single page to be date stamped and returned to our office in the attached UPS envelope.

. In the event that there are questions concerning the application, please contact the undersigned.

Very truly yours,

Peter M. Connolly

Enclosures

5646571_v1

Before the Federal Communications Commission Washington, D. C. 20554

In the Matter of)
State Long Distance Telcom, Ltd.)
For Grant of Authority Pursuant to Section	.)
214 of the Communications Act As)
Amended, and Section 63.04 of the)
Commission's Rules For Transfer of)
Control of State Long Distance Telcom,)
Ltd.)

APPLICATION

State Long Distance Telcom, Ltd. ("SLD" or "Transferor") and its wholly owned subsidiary State Long Distance Telephone Company ("State LD") and TDS Telecommunications Corporation ("TDS Telecom" or "Transferee") hereby seek authorization to transfer control of the blanket Section 214 authorization held by State LD to TDS Telecom.

Background

SLD, a Wisconsin corporation, is the parent company of State LD, a Wisconsin corporation and local exchange carrier serving Elkhorn, Wisconsin and surrounding townships in Walworth County, Wisconsin. State LD currently serves 11,578 access lines (including access line equivalents) with one exchange, the State LD exchange. The transfer of control is part of a transaction in which SLD will merge with and into State Long Distance Telecom, LLC, a Delaware limited liability company and a wholly owned subsidiary of the TDS Telecom. The shareholders of SLD will receive cash for their shares in SLD. The shares of SLD will be cancelled upon consummation of the merger. State Long Distance Telecom, LLC will be the

surviving entity of the merger and will be a wholly owned subsidiary of TDS Telecom, which in turn is a wholly owned subsidiary of Telephone and Data Systems, Inc. ("TDS").

TDS, through TDS Telecom, provides local, long distance, and broadband service. It serves suburban and rural communities in over 30 states through its incumbent local exchange carrier business, as well as through its competitive local exchange carrier business, which it operates under the brand TDS Metrocom. In total, the companies serve over 1.2 million access line equivalents.

TDS also owns 80.8 percent of United States Cellular Corporation ("USCC"), the nation's sixth largest wireless telecommunications provider. USCC provides service to over six million customers in 26 states.

Information Required By Section 63.04 of the Rules.

1. Name, Address and Telephone Number of Each Applicant.

Transferor:

State Long Distance Telcom, Ltd. ("SLD") 216 West Walworth Street Elkhorn, WI 53121 ATTN: Jerry Guetschow Telephone: 262-723-5300

Transferee:

TDS Telecommunications Corporation 525 Junction Road Madison, WI 53717 ATTN: Michael Zalewski Telephone: 608-664-4086

2. Section 63.04(a)(2) – Jurisdiction of Organization:

Transferor:

SLD is a Wisconsin corporation.

Transferee:

TDS Telecom is a Delaware corporation.

3. Section 63.03(a)(3) – correspondence concerning this Application should be sent to:

Transferor:

Jerry Guetschow, Secretary and Treasurer 216 West Walworth Street Elkhorn, WI 53121 Telephone: 262-723-5300

With a copy to:

John B. Adams
The Adams Legal Firm, LLC
626C Admiral Drive #312
Annapolis, MD 21401
Telephone: 202-448-9033

Transferee:

Michael Zalewski Vice President, Business Development TDS Telecom 525 Junction Road Madison, WI 53717 Telephone: 608-664-4086

With a copy to:

Peter M. Connolly Holland & Knight LLP 2099 Pennsylvania Avenue, NW, Suite 100 Washington, DC 20006 Telephone: 202-862-5989

4. Section 63.04: Name, Address, Citizenship, Principal Place of Business and Ownership Interest of Owners of Ten Percent or More of Each Applicant.

Transferor:

SLD, is a Wisconsin corporation with a principal place of business at 216 West Walworth Street, Elkhorn, WI 53121. The following United States citizens hold approximately 77% of the stock of State Long Distance Telcom, Ltd.:

Name

Principal Business

Ownership

William Wiswell Telephone Executive 26.97%

Grant Wiswell Telephone Executive 25.62%

Charles Coleman State Legislator (retired) 24.20%

Their principal place of business is the same as that of SLD.

Approximately 60 small shareholders hold the remaining 23% of the capital stock of SLD, each of whom own less than 3% of the capital stock.

Transferee:

As previously noted, TDS Telecom is a wholly owned subsidiary of TDS.

TDS is controlled by a Voting Trust whose trustees are LeRoy T. Carlson, Jr, Walter C.D. Carlson, Prudence E. Carlson, and Dr. Letitia G.C. Carlson. They are brothers and sisters and U.S. citizens. The address of the trust is TDS's business address:

30 North LaSalle Street Chicago, IL 60602

LeRoy T. Carlson, Jr. is the President of TDS and Walter C. D. Carlson is its Chairman.

The Voting Trust controls 52.3% of the voting power of TDS's total shares that vote in matters other than the election of directors and 94.4% of the Series A Common Shares which elect eight of TDS's 12 directors. No other individual or entity controls 10 percent or greater voting interest in TDS. Further information regarding TDS can be found in its Form 602, "FCC Ownership Disclosure Information for the Wireless Telecommunications Services" on file with the Commission.

5. Section 63.04(a)(5) – Certification That No Party is Subject to Denial of Federal Benefits.

Applicants certify that they are not subject to denial of Federal Benefits pursuant to Section 5031 of the Drug Abuse Act of 1988, 21 U.S.C. § 854(a)

6. Section 63.04(a)(6) – Description of Transaction.

See "Background" discussion above.

7. Section 63.04(a)(7) Description of Geographic Areas in which Transferor and Transferee and Their Affiliates Offer Domestic Telecommunications Services.

Transferor:

SLD is the parent company of State LD, a local exchange carrier serving 9,325 access lines and 2,253 access line equivalents in Elkhorn, Wisconsin and surrounding townships in Walworth County, Wisconsin, the State LD exchange.

Transferee:

TDS was founded in 1969 with the purchase of ten small telephone carriers in Wisconsin. Over the years, TDS has grown as a landline carrier in large part by acquiring many small ILECs and developing economies of scale in equipment procurement, operations, financing and other areas. TDS conducts its telephone operations through 112 ILEC subsidiaries, ranging in size from about 500 to 64,000 access lines.

TDS currently operates twenty ILECs in Wisconsin. They are listed in the organization chart attached hereto as Attachment A. Those companies provide service to 128,109 access lines and 178,664 access line equivalents in Wisconsin. A chart attached hereto as Attachment B provides full information regarding the exchanges each company serves in Wisconsin and the number of customers served by each exchange. None of those exchanges overlap or are adjacent to the exchange served by State LD.

TDS Telecom also provides service in Wisconsin through its competitive local exchange carrier (CLEC) TDS Metrocom, LLC. As is show in the chart attached hereto as Attachment C, TDS Metrocom provides service to 146,059 access lines and 200,101 access line equivalents in Wisconsin through its arrangements with AT&T. None of TDS Metrocom's exchanges overlap or are adjacent to the State LD exchange. See map attached hereto as Attachment D.

According to the FCC's Wireline Competition Bureau, as of June 30, 2007, Wisconsin had a total of 2,375,288 ILEC access lines and 688,513 CLEC access lines, for a total of 3,063,801 access lines.¹ Thus, TDS Telecom serves approximately 5.4 percent of the total ILEC access lines in Wisconsin. If its access line equivalents are included, it serves approximately 12.9 percent. If both CLEC and ILEC access lines are included, TDS Telecom serves approximately 8.9 percent of the total ILEC and CLEC access lines in Wisconsin. If both CLEC and ILEC access lines and access line equivalents are included, TDS Telecom serves approximately 21.3 percent of the total ILEC and CLEC access lines in Wisconsin, which continues to be dominated by AT&T and Verizon.

Upon consummation of this transaction, TDS will thus serve approximately 318,351 ILEC access lines (including access line equivalents) in Wisconsin, or approximately 13.4 percent of the ILEC access line equivalents and 21.69 percent of the total access lines, including CLEC access lines, in the state, increases of 0.5 percent and 0.39 percent respectively. Thus, from the standpoint of potential market concentration, this transaction will have essentially no impact on wireline competition in Wisconsin.

TDS's subsidiary USCC, through subsidiaries, provides wireless service through cellular and PCS authorizations in forty-two Wisconsin counties. USCC's wireless authorizations are summarized in the chart attached hereto as Attachment E. It

¹ See "Trends in Telephone Service," Industry Analysis and Technology Division, August 2008, Table 8.5.

should be noted that USCC does provide wireless service in Walworth County, Wisconsin, in which the State LD exchange is located. However, USCC and TDS Telecom, though commonly owned, operate separately and do not market their services jointly. TDS Telecom uses entirely separate facilities from USCC. The companies also brand their services independently and use separate billing services. Thus, this acquisition would have no impact on USCC's operations in the relevant counties and obviously would have no impact on wireless competition in Walworth County.

8. Section 63.04(a)(8) – Statement as to How This Application Fits Into The Streamlined Category.

The application qualifies for streamlined treatment under Section 63.03(b) 2(iii) of the Rules. TDS Telecom hereby verifies that it holds fewer than two percent of the nation's access lines.² TDS Telecom and State LD are independent local exchange carriers as defined in Section 64.1902 of the FCC's Rules. Moreover, TDS Telecom provides competitive telephone exchange services and exchange access services only in areas served by dominant local exchange carriers which are not parties to this transaction.

9. Section 63.04(a)(9) – Identification of All Other Commission Applications Related to this Translation.

There will be one other FCC transfer application related to this transaction. The applicants are also transferring control of State LD's "International" Section 214 authority (File No. ITC-214-20080527-00242).

10. Section 63.04(a)(10) – Statement of Whether Application are Requesting Special Consideration Because Either Party To This Transaction is Facing Imminent Business Failure.

Applicants seek no such special consideration.

11. Section 63.04(a)(11) – Identification of Any Separately Filed Waiver Requests Sought In Conjunction With This Transaction.

Applicants have filed no separate waiver requests in conjunction with this filing.

12. Section 63.04(a)(12) – Statement Showing How Grant of Application Will Serve The Public Convenience and Necessity.

Grant of the application will serve the public interest, convenience and necessity. TDS will be able to offer State LD's customers access to the state of the art service all its companies provide, supported by the economies of scale and scope which a holding company can offer its subsidiaries.

² See Trends in Telephone Service," Industry Analysis and Technology Division. August 2008, Table 7.1 (stating that there were 140,029,044 ILEC access lines and 167,504,016 ILEC and CLEC access lines in the United States as of 2006.) This is the most recent report available. TDS Telecom serves approximately 1.2 million access lines, including both its ILEC and CLEC access lines and access line equivalents.

For the foregoing reasons, the applicants respectfully request that the Commission grant the authority requested in this application.
